

Biigtigong Nishnaabeg Fisheries Study Survey

Biigtigong Nishnaabeg Sustainable Development is launching a fisheries study on the Pic River. We are asking all community members who have fished the Pic River, including the mouth of the Pic River to complete a short survey. The survey was mailed to all on-reserve households and we created a online version for anyone off-reserve who would like to complete the survey.

Please send an email to Brittany Moses (Brittany.moses@picriver.com) or Florinda Christianson (Florinda@picriver.com) for the link to the survey.

The survey will be live until May 5th 2021 at 4:30 PM.

All members who complete a survey will have a chance to win a prize.
